

# Over You

Jelly Roll

It's 3am and I just popped another Percocet  
I washed it down with Crowne because the first one still ain't  
working yet  
She don't hear my cry  
Her drowning eyes won't let her see  
I feel like I could die  
The pain I cause may have cut too deep  
But you never know  
That's just the way it goes

I can promise you this won't be the last time  
I find comfort in a bottle and somebody new  
We can chop it up, but just leave me the last line  
I'm getting fucked up 'cause I've been fucked up over you  
Over you  
I'm getting fucked up 'cause I've been fucked up over you

I must be out of my mind to think that you could ever forgive me  
All of these scars I left on your heart will always be part of  
our memories  
Secrets inside me that nobody knows  
I always been told I'm emotionless and cold  
But you never know  
That's just the way it goes

I can promise you this won't be the last time  
I find comfort in a bottle and somebody new  
We can chop it up, but just leave me the last line  
I'm getting fucked up 'cause I've been fucked up over you  
Over you  
I'm getting fucked up 'cause I've been fucked up over you
