

## Still Falling

Jelly Roll

We dont talk like we used to  
We dont fuck like we used to  
We dont do all the things we usually do  
We dont chill like we used to  
It dont feel like it used to  
I know it's my fault and it's not you

I'm still falling in love  
The fire inside your eyes is real  
Oh, I'm still falling in love  
I'm still falling in love  
Cause I know for once our passion feels

Let's forget about the past and not mention that  
But still we go back and forth like it's a tennis match  
I'm looking for the flame we lost  
I'm trying to get it back  
Looking for my old best friend  
Man I've been missin that  
My fuckin rider  
Just know that she with it homie  
Only one that had my back when them people were trippin on me  
Feel the cold in my presence  
They say that it's dripping on me  
Life story being told by people that didn't know me  
Never felt love like I felt it before  
Say you fight for what you love  
This is a hell of a war  
It's like I lost the last round  
I'm trying to settle the score  
I left the game alone  
Like I don't want them devil's no more

I'm still falling in love  
The fire inside your eyes is real  
Oh, I'm still falling in love  
Cause I know for once our passion feels

We dont talk like we used to  
Dont make love like we used to  
We don't do all the things we usually do

In the stormiest of weather  
I'm just trying to make it better  
I'm so old school that I pen'd it in a letter  
To tell the truth  
Some days I feel like I'm a feather  
That may never come back  
From wherever it is headed  
Feel I'm destined to be more than a lesson  
To tell the truth I feel I'm destined to be more of a blessing  
I've been stressing trying to see the light  
Been called a piece of shit so much  
I'm really starting to believe they're right  
We kill each other but we act like we dont hurt at all  
This can't be the end of us  
No this is not the curtain call

Not at all baby  
We was told to never fold  
Let it be known as the greatest story that's ever told

We dont talk like we used to  
We dont fuck like we used to  
We dont do all the things we usually do  
We dont chill like we used to  
It dont feel like it used to  
I know its my fault and it's not you

I'm still falling in love  
The fire inside your eyes is real  
Oh, I'm still falling in love  
Cause I know for once our passion feels

We dont talk like we used to  
Dont make love like we used to  
We don't do all the things we usually do  
No...  
We usually do...  
Usually do...
