

We Got Next

Jelly Roll

I don't believe in writer's block
'Cause I don't give a fuck if critics like a motherfucking word of what I write or not
Let's just be honest, I got a couple problems
Hey, stop the beat, let's take a moment for the sponsors
Speaking of the sponsors, I ain't got no fucking sponsors
Put me to the side case, treat me like a monster
But still, I harbor no bitter feelings
We did it by ourselves, there couldn't be a better feeling

And she ain't even know my name
Now shawty wanna be like my best friend (be like my best friend)
It seems like everybody know me now
But nobody know me way back then
I've been told, yes I know
This is how the story goes (this is how the story goes)
I've been told, they wanna roll
I guess it's because they know
That we got next

Man, fuck you and your opinion of me
I don't understand why the fuck you even mentioning me
Keep my name off your lips, I don't want no part of the shit
When I was thirsty, you ain't offer me a bottle of piss
The game's lame to me, man, it's insane to me

Guess you can be anything that you claim to be
Guess you can say anything on a banging beat
By anything, I even mean if it's make-believe
Let's just be real with it, put it on the table and deal with it
There's so much bullshit in the game and it's still with it
We up next as much as we pretend, and tell your bitch "Don't wink at me again."

And she ain't even know my name
Now shawty wanna be like my best friend (be like my best friend)
It seems like everybody know me now
But nobody know me way back then
I've been told, yes I know
This is how the story goes (this is how the story goes)
I've been told, they wanna roll
I guess it's because they know
That we got next

I got three verses, guess it's therapeutic music
I smoke a joint of purp, dawg, I'm under the influence
So let me tell you how these rappers are gay
How they different behind and how they act in your face

Man, I never been a bully, in fact, I bully bullies
The one that act tough, but won't actually pull it
They'll Cheddar-Bob themself with an accidental bullet
They ain't really about the life, they just acting kinda foolish

But I'ma lay back, it's about positive vibes
I'm just trying to get my folks above the poverty line
Man, who got next, shit, it's gotta be mine

'Cause I'ma flip this bitch like Optimus Prime

And she ain't even know my name

Now shawty wanna be like my best friend (be like my best friend)

It seems like everybody know me now

But nobody know me way back then

I've been told, yes I know

This is how the story goes (this is how the story goes)

I've been told, they wanna roll

I guess it's because they know

That we got next

And she ain't even know my name

Now shawty wanna be like my best friend (be like my best friend)

It seems like everybody know me now

But nobody know me way back then

I've been told, yes I know

This is how the story goes
