

What's Wrong With Me

Jelly Roll

It took a real long time for me to see
But I'm alright with what's wrong with me
No, I ain't found the light, at least now I see
That I'm alright with what's wrong with me
What's wrong with me

Trust me, I don't know the first bit
About being flawless and perfect
If only you knew all the worthless I fought
Covered my arms up with cursive
To cover the thoughts I was cursed with
Guess I just hated the person I saw

That mirror was no friend to me
Was my own worst enemy
'Til I found a way to move on and sing a new song

It took a real long time for me to see
But I'm alright with what's wrong with me
No, I ain't found the light, at least now I see
That I'm alright with what's wrong with me
What's wrong with me

What's wrong, what's wrong, what's wrong
What's wrong with me
What's wrong, what's wrong, what's wrong

Found out I fit in with the misfits
And I feel the same as the different
Just had to learn how to live with myself
Finally makin' some peace with
All of my jagged-edge pieces
I booked a ticket, I'm leavin' this hell

That mirror was no friend to me
Was my own worst enemy
'Til I found a way to move on and sing a new song

It took a real long time for me to see
But I'm alright with what's wrong with me
No, I ain't found the light, at least now I see
That I'm alright with what's wrong with me
What's wrong with me

What's wrong, what's wrong, what's wrong
What's wrong with me
What's wrong, what's wrong, what's wrong
