

# So Gold

Jem

From summer to autumn  
As if it's a race  
The seasons are changing  
And so is life's pace

And I'll always cherish  
The time that we spend  
Cause nobody knows  
What's round the next bend

And I'm lost forever  
When I look in your eyes  
Yes I'm lost forever  
And the feeling inside

Is so gold  
Oh, so gold

From autumn to winter  
The darkness moves in  
But with you around me  
It feels like it's spring

And I'll always pray for  
Life to go slow  
Cause nobody knows  
When it's time to go

And I'm lost forever  
When I look in your eyes  
Yes I'm lost forever  
And the feeling inside

Is so gold  
Oh, so gold

From spring into summer  
The cycle's complete  
But time waits for no-one  
And it starts to repeat

And I'll always treasure  
Every second we get  
Cause I feel the same way  
As the day we first met

And I'm lost forever  
When I look in your eyes  
Yes I'm lost forever  
And the feeling inside

Is so gold  
Oh, so gold  
Oh, so gold  
Oh, so gold
