

# A Day In The Life Of A Rock Star

Jen Foster

You said, "Run your fingers through your bed-head  
Naked on the stairs, well, could you grab a few beers  
All you wannna-bes in your Abercrombie T-s  
Hanging off the balcony dancing to "Dancing Queen"

Beautiful people everywhere  
We should be working but we really don't care

Come as you are - it's just a day in the life of a rock star  
We've gotta start up this party, 'cause everybody is fine  
And there are only good times  
Every day in the life of a rock star

Splash down, everybody's in the pool  
They're jumping off the roof, full of the 90-proof  
While the black stretch waits out in the front yard  
We've gotta move this party to the boulevard

Beautiful people everywhere  
We should be working but we really don't care

Come as you are - it's just a day in the life of a rock star  
We've gotta start up this party, 'cause everybody is fine  
And there are only good times  
Every day in the life of a rock star

They come in drag, come in jeans and Maybelline  
It's like a Hippie-Campy Halloween  
They come in cool shades of blues and grays  
They've got their Doc Martin leathers laced  
You want a backstage pass, you want an autograph  
C'mon, Baby, let me sign your ass...

Come as you are - it's just a day in the life of a rock star  
We've gotta start up this party, 'cause everybody is fine  
And there are only good times  
Every day in the life of a rock star...
