

Today Is a Brand New Day

Jen Foster

La da, da da da da
La da, da da da da
La da, da da da da da

You slept late, I'm still hungover
The whole day spiraled downward
I'm not sure what it is you're gonna do next
You tripped down the steps
And embarrassed yourself
Your mind shocked
And worrying when in the hell
True love is gonna come out of the blue

All of the love you wasted
Looking for someone to love
All of your life you waited
For something else to fill you up
But there's nothing up there
That you've misplaced
No perfect one, no perfect face
The time you wasted, lost and gone away
But today is a brand new day

La da, da da da da
La da, da da da da
La da, da da da da da

You slipped off
You left work early
You met your date for coffee
You can't put your finger on what you don't like
Think back, and are you really ready to give
Your whole heart when you used to have hearted attempts
You get back exactly what you givin', yeah

All of the love you wasted
Looking for someone to love
All of your life you waited
For something else to fill you up
And there's nothing up there
That you've misplaced
No perfect one, no perfect face
The time you wasted, lost and gone away
But today is a brand new day

What you worrin' about?
You're just gonna may come true
So don't you worry about
What's about to happen to you
Here's what you're going to do

Forget about all the love you've wasted
Looking for someone to love
All of your life you waited
For something else to fill you up
And there's nothing up there
That you've misplaced

No perfect one, no perfect face
The time you wasted, lost and gone away
But today is a brand new day
Today is a brand new day

La da, da da da da
La da, da da da da
La da, da da da da da
La da, da da da da
La da, da da da da
La da, da da da da da
