

# You Stayed

Jen Foster

you could've left it where it was  
you could've left me in my buzz  
you didn't have to see it through  
and if you didn't who would've blamed you?

you didn't have a thing to prove  
a thing to gain, much more to lose  
if i were you, i would've lost my number long ago

but you stayed  
and you gave  
you saw something inside of me  
that i couldn't see in myself  
i was too caught up in my own Hell  
when i pushed everything else away  
you stayed

i couldn't eat, i couldn't breathe  
i couldn't fly, i couldn't sing  
you said it takes a broken wing  
to really know what broken means  
well, i get it now, i get it now  
why everybody left me there  
just lying on the ground

and you stayed  
you gave  
you saw something inside me  
that i couldn't see in myself  
i was too caught up in my own Hell  
when i pushed everybody else away  
you stayed  
you stayed

you couldn't throw it in my face  
you didn't have to show me grace  
when no one else was there to save the day...

you stayed  
you gave

you stayed  
you gave  
you stayed  
you gave

you couldn't throw back all my words  
shut me out and made me squirm  
you couldn't let me crash and burn  
but you stayed...  
you couldn't leave me by myself  
decided it was just as well  
traded up for someone else  
but you stayed...  
you stayed  
you stayed
