

I've been in too deep  
And can't go walking away  
My love will never sleep  
Compel me

If I'm all you need  
Then don't go walking away  
My love will never cease  
So tell me

Baby, keep talking that  
Baby, keep talking that  
Baby, keep talking that  
Baby

If I'm all you need  
Then don't go walking away  
My love will never cease  
So tell me

Baby, keep talking that  
Baby, keep talking that  
Baby, keep talking that  
Baby

I've been in too deep  
And can't go walking away  
My love will never sleep  
Compel me

Baby, let's go there  
Somewhere I don't care  
Baby, you can be my fantasy  
Baby, let's go there  
Somewhere I don't care  
Baby, you can be my fantasy
