

CaNdY LiEs

Jenevieve

Oh
I'm wide awake
How did I know
It wouldn't be the only time?
That you slide
Into someone closer
Baby girl
Thought she was the only one
He ain't worried 'bout her

In the past you've lied
Oh those candy lies
So sweet inside like I thought you were
That blue Alizé
You really put me under
When you act this way
Oh-ah

Don't count on me
I'm not what you want

(I just don't think that I'm your type
But that's ok)

Oh
How you gonna leave
And get mad when I do the same?
I kind of know how you feel
But you don't understand the pain
And I think you should know it was bound to end this way
Oh

In the past you've lied
Oh those candy lies
So sweet inside like I thought you were
That blue Alizé
You really put me under
When you act this way
Oh-ah

Don't count on me
I'm not what you want
I thought you were
Don't count on me
I'm not what you want
I thought you were
