

Damage Control

Jenevieve

Let me out of my cage
Put a chain around my neck
They told me to go easy
They stay inside my head
'Cause I wouldn't lie
I wouldn't put it all aside
Feel the sun ricochet out my window

I'm still here for you
No timeout, no timeout
When they come for ya
With knives out, with knives out

Oh, it's damage control
It's damage control
It's damage control
Oh, it's damage control
It's damage control
It's damage control

They made me show my teeth
Put my hands up to the sky, oh
'Cause I wouldn't lie
I wouldn't put it all aside
Feel the sun ricochet out my window

I'm still here for you
When they come for ya
When they come for ya

Oh, it's damage control
It's damage control
It's damage control
Damage, damage
Oh, it's damage control
It's damage control
It's damage control
Damage, damage

Yeah, yeah
Yeah, yeah
Damage, damage
Yeah, yeah
Yeah, yeah
Damage, damage
