

Enter The Void

Jenevieve

Ooh-ooh

Ooh-ooh

I look around, it's an empty void
And I still just wanna be whole
I lose face when I face the world
If I ever need you'll never know

Just don't let the walls erase
How we used to talk and take our place
Oh please, please
I wanted to get back to the light in my life
My life
My life
Bless you, please
Before the walls will rise
Let me in

Ooh, ooh-ha-hi
Ooh-ha-hi
Ooh-ha-hi
Ooh, ooh-ha-hi
Ooh-ha-hi
Ooh-ha-hi

Your open arms
Stretch wide across
It won't be long

Your open arms
Stretch wide across
It won't be long

Ooh
Oh-whoa
