

Head Over Heels

Jenevieve

You're all I need (sugar)
It's a beautiful thing (sugar)
You're all I need (sugar)
Ha-ha
Step onto the floor, big money
Head over heels, I know you been falling
Woah-oooh oh
Putting it on
Head over heels

Baby let's ride with my girls look stunning
See you on the far side baby keep running
What you gon' do with a girl so cunning
Welcome to the score, been balling
Head over heels, I know you been falling
Woah-oooh oh
Putting it on
Head over heels

You're all I need (sugar)
It's a beautiful thing (sugar)
You're all I need (sugar)
You're all I need (sugar)

Still falling, head over heels
Tried to call, but you missed me
You missed
I wanna show you a way out
Can I show you a way out
Baby why you doubt
The fire is burning
Woah-oooh oh
Putting it on
Head over heels
