

# 6FT Nothing

Jenna Davis

Six-two was pretty cute but he had an attitude  
He was always pretty rude to Uber drivers  
Good times with ocean eyes, guess a million butterflies  
Was a pretty good disguise for such a liar

Maybe I'm not looking in the right place  
Maybe I'm not looking in the right ways  
All these pretty boys gone bad  
But they're pretty good at

Telling me my outfit's cute  
Buying me expensive food  
Then he's texting me for nudes  
I should've seen it coming  
Begging me back to his place  
Thinking he can steal a base  
Playing me like it's a game  
When it could've been something

I'm always ending up with 6 foot nothing  
I'm always ending up with 6 foot nothing

Six-pack super jacked loved me like a maniac  
If I didn't text him back he'd go psycho  
Cross my heart and hope to die  
Think I'm gonna lose my mind  
If I date another guy  
Wasting my time

Telling me my outfit's cute  
Buying me expensive food  
Then he's texting me for nudes  
I should've seen it coming  
Begging me back to his place  
Thinking he can steal a base  
Playing me like it's a game  
When it could've been something

I'm always ending up with 6 foot nothing  
I'm always ending up with 6 foot nothing

Maybe I'm not looking in the right place  
Maybe I'm not looking in the right ways  
All these pretty boys gone bad  
But they're pretty good at

Telling me my outfit's cute  
Buying me expensive shoes  
Then he's leaving me for dudes  
I should've seen it coming  
Saying "I would love your mom"  
Playing me my favorite songs  
Saying baby nothing's wrong  
I should've started running

I'm always ending up with 6 foot nothing  
I'm always ending up with 6 foot nothing

I'm always ending up with 6 foot nothing  
I'm always ending up with 6 foot nothing
