

# I Wrote A Song Using Hate Comments

Jenna Davis

What the flip?  
Why did my ears just flinch?  
She can't keep gettin' away with this  
Like, who dared you girl?  
Cringe  
I'm scared, this hit me like a truck  
That's it, 911, nah, I'm done  
Always the blondes  
Maybe stick with acting or maybe not  
You're so bad at singing, hard watch

Penny, nickel, dime  
I'll have to decline  
You thought you ate, the plate's still full  
Let's stick with the original  
Cindy Lou Who? You can tell she's homeschooled  
The fake accent kills me, thank god it's unreleased  
I'm glad we're all thinkin' the same thing  
This song sucks, it's so annoying  
Help

How does she have a boyfriend? I'm cacklin'  
Are you singin' in cursive? This song just got ruined  
Put the dogs away  
Ain't no way, is this a prank?  
It looks like you're in pain when you smile, babe  
She can't keep gettin' away with this, so quirky  
Like girl, get off my fyp  
She's a b

She looks like she has to fart but she's holdin' it in  
I'm sorry but paper cut lips  
Is this supposed to be funny? Is this real?  
Time to put the phone down  
Look at me now
