

# On a Budget

Jenna Davis

I don't wanna hear the drama  
Yada yada  
Yeah we've been through that  
Take a breath and try a comma  
You really oughta  
'Fore it circles back

There ain't no mud you ain't dragged a name through  
So politely  
STFU  
(Shh...)

Talk is so cheap  
And you don't know me  
So take your opinion  
I know you love it but shove it  
You ain't funny  
And we ain't buddies  
Time is money  
And honey, I'm on a budget

If I had a pretty penny  
For the many little lies you tell  
I'd have a couple million  
And they'd be spilling out the wishing well

You burned all bridges and keep blowing smoke  
So politely  
GTFO

Talk is so cheap  
And you don't know me  
So take your opinion  
I know you love it but shove it  
You ain't funny  
And we ain't buddies  
Time is money  
And honey, I'm on a budget

I wouldn't buy a word out of your mouth  
Even at a discount  
Don't want a coupon  
Just want to move on  
(You know)

Talk is so cheap  
And you don't know me  
So take your opinion  
I know you love it but shove it  
You ain't funny  
And we ain't buddies  
Time is money  
And honey, I'm on a budget  
Yeah, I'm on a budget
