

start a war

Jennie

You know for me there is no breaking point
Yeah I'ma be here through all that noise
I'm gon' protect what's mine all day
You know the role you playing

I'm not saying we ain't got problems
Know that we could both be on one
But if somebody try to start sum
I'm gon' try for you
I'll fight for it
Go off for you
I start a war

Ever since the day we locked in
I was gonna be a down bitch
If I need to start a war
I'm gon' try for you
I'll fight for it
Go off for you
I start a war

Yeah
Yeah
Yeah

'Cause love. It hold responsibility
Hold you down
You hold me down
That's just how we been rolling
Feeling like that first hit that you take in the morning
Baby you a token

And I think I've grown
'Til somebody come for you
I could bring the heat if I needed to
It ain't like I'll do it
But you know I'ma prove it
Oh if I need to do anything for you

I'm not saying we ain't got problems
Know that we could both be on one
But if somebody try to start sum
I'm gon' try for you
I'll fight for it
Go off for you
I start a war

Ever since the day we locked in
I was gonna be a down bitch
If I need to start a war
I'm gon' try for you
I'll fight for it
Go off for you
I start a war

Yeah
Yeah

You know I'll start a war
Yeah
Yeah
You know I'll start a war

Yeah
You know I'll start a war
Yeah
Yeah
You know I'll start a war
