

Gone

Jennifer Hudson

Can you imagine
What it would be
Like if we never met?
We never kissed
Can you imagine
If we never got
To spend those nights
In each other's arms?

But I don't know how it feels
But it will probably kill me
Probably it will tear me down
Cause I don't wanna think about it
My heart can't take it if you were gone

If you were gone
If you were gone
If you were gone
If you were gone
If you were gone
If you were gone
If you were gone
If you were gone

Can you picture yourself
Getting over me
With someone else
I can't cause I feel like we
Are the exception to the pool
I know this love is true

But I don't know how it feels
But it will probably kill me
Probably it will tear me down
Cause I don't wanna think about it
My heart can't take it if you were gone

If you were gone
If you were gone
If you were gone
If you were gone
If you were gone
If you were gone
If you were gone
If you were gone

Don't too excited to see what tomorrow brings
You changed my world around
And I am not scared to go fall down in love

But if you were gone
If you were gone
If you were gone
If you were gone
If you were gone
If you were gone

If you were gone
If you were gone

If you were gone (If you were)
If you were gone (If you were)
If you were gone (If you were)
If you were gone (gone)
If you were gone (I can't imagine)
If you were gone (I can't imagine)
If you were gone
