Jennifer Lopez

Big, big booty  
What you got a big booty  
Oooh  
Big, big booty  
What you got a big booty  
It's Iggy Iggs  
Big, big booty  
What you got a big booty  
Go to work  
Big, big booty  
What you got a big booty  
(Ain't that a freak)  
Big, big booty  
What you got a big booty  
Big, big booty  
What you got a big booty  
Big, big booty  
What you got a big booty  
Big, big booty  
What you got a big booty  
(Ain't that a freak)

Have you seen her on the dancefloor  
She got the boom, shake the room  
That's the lightning in the thunder  
You wanna meet her, you wanna touch her  
See the light in her eyes  
And it starts to make you wonder

All the sexy girls in the party  
Go and grab a man  
Bring him to the dancefloor  
Go and let them jeans  
Touch you while you're dancing  
It's his birthday  
Give him what he ask for  
Let me show you how to do it

Big, big booty  
What you got a big booty  
Work  
Big, big booty  
What you got a big booty  
Shake that  
Big, big booty  
What you got a big booty  
Go to work  
Big, big booty  
What you got a big booty  
(Ain't that a freak)

The way she moves  
I know you want her  
She like the fire, get you right  
That's the lightning in the thunder  
You wanna meet her, you gotta touch her  
Hold on tight for the ride

Cause you know you're gonna love her

All the sexy girls in the party  
Go and grab a man  
Bring him to the dancefloor  
Go and let them jeans  
Touch you while you're dancing  
It's his birthday  
Give him what he ask for  
Let me show you how to do it

Big, big booty  
What you got a big booty  
Work  
Big, big booty  
What you got a big booty  
Shake that  
Big, big booty  
What you got a big booty  
Go to work  
Big, big booty  
What you got a big booty  
(Ain't that a freak)

They begging me to drop down on it but right now Iggy on the top  
The last time the world seen a booty this good, it was on Jenny from the block  
I got 'em going crazy lately  
But baby knowin' that only make me  
Wanna tell all of my ladies to get up on the floor and just shake it, shake  
Ya'll know what I've been on, ya'll know that I've been on  
I'm queen big booty Iggy, now find me a throne to sit on  
Girls with the cheeks, put 'em hands in the air  
Then pop that, pop, let 'em know that you in here  
See everybody wanna get a taste  
You know that we've got enough to share  
But fact we girls with the big bad beat too fancy to ever play fair

Mesmerized by the size of it  
You can fight it if you like take your time  
I can guarantee you'll have the time of your life  
Throw up your hands if you love a big booty

Big big big big big booty  
What you...  
Big big big big big booty  
What you...  
Big big big big big  
Let me show you how to do it  
Work  
Shake that  
Go to work

Big, big booty  
What you got a big booty  
Big, big booty  
What you got a big booty  
Big, big booty  
What you got a big booty  
Big, big booty  
What you got a big booty  
Shake that
