

Cherry Pie

Jennifer Lopez

Hey

Yeah you

You had a dark, sexy vibe about ya
And in a strange way you turn me on
The way you look said a lot about ya
As if you really didn't give a-unh!
I told myself not to fall for you
'Cause I can see that you don't follow rules
I should've just walked away
But your eyes were telling me to stay

Damn, why do the wild ones turn me on

[Chorus:]

It's like cherry pie, you can't deny it
Driving fast, you had to try it
That's what it feels like
Letting Tony touch you everywhere
Breaking rules and didn't care
That's what it feels like

A real rebel kinda fella
The kind that I would never trust
I could read what your mind was thinking
It's like you still didn't give a-hey!
It's funny how those kind of guys
Have a way of getting what they want
And even good girls though they try
It's if they just can't stay away

Damn, why do the wild ones turn me on

It's like cherry pie, you can't deny it
Driving fast, you had to try it
That's what it feels like
Letting Tony touch you everywhere
Breaking rules and didn't care
That's what it feels like

It's like cherry pie, you can't deny it
Driving fast, you had to try it
That's what it feels like
Letting Tony touch you everywhere
Breaking rules and didn't care
That's what it feels like

I can be your cherry pie
And you can be my cream on top
Come on!
I can be your cherry pie
And you can be my cream on top

It's like cherry pie, you can't deny it
Driving fast, you had to try it
That's what it feels like

Letting Tony touch you everywhere
Breaking rules and didn't care
That's what it feels like
