

Expertease (Ready Set Go)

Jennifer Lopez

Boy you give me hungry eyes
You and I are doing it tonight
But I don't wanna make you aware to give it
Boy you know you make me hot
My sweet spot is hitting the jackpot
You know that our bodies are made for sinning
And you know that you're on fire, you're on fire
And I'm on fire, I'm on fire
And we're lit up, we're lit up
Let's rise
Yeah you know that you're on fire, you're on fire
And I'm on fire, I'm on fire
And we're lit up, we're lit up
Let's rise

So come on baby ready set go
I wanna throw boy against girl
Come on baby ready set go
Let my body be your world
Come on baby ready set go
Let me your expert
Come on baby ready set go
Ready set go
Let me show my expertease
I'm an expertease
And you know it
Let me show my expertease
I'm an expertease
An expert-tease

I'm a turn your body on
Cause a marathon begins with passion
And I don't wanna wait another minute
We can do it standing up
Gonna feel my love one thing unites
You know that our bodies are made for sinning
And you know that you're on fire, you're on fire
And I'm on fire, I'm on fire
And we're lit up, we're lit up
Let's rise
Yeah you know that you're on fire, you're on fire
And I'm on fire, I'm on fire
And we're lit up, we're lit up
Let's rise

So come on baby ready set go
I wanna throw boy against girl
Come on baby ready set go
Let my body be your world
Come on baby ready set go
Let me your expert
Come on baby ready set go
Ready set go
Let me show my expertease
I'm an expertease
And you know it
Let me show my expertease

I'm an expertease
An expert-tease

Tease you, make you burn for me
Love in the third degree
I'll tease you, make you burn for me
Love in the third degree

So come on baby ready set go
I wanna throw boy against girl
Come on baby ready set go
Let my body be your world
Come on baby ready set go
Let me your expert
Come on baby ready set go
Ready set go
Let me show my expertease
I'm an expertease
And you know it
Let me show my expertease
I'm an expertease
