

## Anthem Song

Jenny And The Mexicats

Full of charm enter with the calm  
Now as the warm goes boiling hot  
You never know just when the stop  
You come back round you look kind of peculiar  
Oh what the night does to ya  
Can't help the way it turns me on

Y la noche cae. I wait an hide  
Suave como el viento. Our paths collide  
Y la noche cae. I wait an hide  
Suave como el viento  
Our paths collide...

Oo la la, my little peculiar  
Oh what the night does to ya  
Haven't found the way to say no  
Icy queen you're as cold as you seem  
Don't tempt them with your fire eyes  
Behind the curtain you're as cold as ice

Y la noche cae. I wait an hide  
Suave como el viento. Our paths collide

Y la noche cae. I wait and hide  
Suave como el viento  
Our paths collide...

Y la noche cae. I wait and hide  
Suave como el viento. Our paths collide

Y la noche cae. I wait an hide  
Suave como el viento  
Our paths collide...

Y la noche cae. I wait an hide  
Suave como el viento  
Our paths collide...

Don't you know what I mean... (Wait up, wait up)  
Don't you know what I mean... (Wait up, wait up)  
Icy queen... (Wait up, wait up)  
Oo la la  
What I what I mean
