

Back To Basics

Jenny And The Mexicats

Jubilation, this confrontation's over
Jubilation, this confrontation's over
Go yeah shut up, just shut up shut up and sit back down
Cos you're wearing my crown
And you're using my moves
And you're up in my face
And you're down in my place
Go yeah shut up, just shut up shut up and sit back down
And Im gonna teach you
How to treat me right
Tonight...

Contemplation, go burn this city down
No conversation, go burn me to the ground
So go shut up, just shut up shut up and sit back down
Cos you're wearing my crown
And you're using my moves
And you're up in my face
And you're down in my place

Back to basics
Go burn this city down
Back to basics
Go burn me to ground
Go yeah shut up, just shut up shut up and sit back down
Cos you're wearing my crown
And you're using my moves
And you're up in my face
And you're down in my place
Go yeah shut up, just shut up shut up and sit back down
And Im gonna teach you
How to love me right
Tonight...
