

I Will Go

Jenny And The Mexicats

We dance to a bolero
You caught me peeking out beneath my hair
Dancing without us touching
A dream of a heartless love affair

Do you hear it
Do you feel it there
We are creating chemicals from the air

In between the silver and the gold
We are as wild as they've all be told

I will go, I will go, I will go, go, go out
Go out with the speed of light
My feet will tiptoe lightly
And I will do it right

I will go, I will go, I will go, go, go out
Go out with the speed of light
My feet will tiptoe lightly
And I will do it right

Here no one else can see me
I float across the room to your chair
Tasting without debating
The consequences gliding up the stairs

Do you hear it
Do you feel it there
We are creating chemicals from the air

In between the silver and the gold
We are as wild as they've all be told

I will go, I will go, I will go, go, go out
Go out with the speed of light
My feet will tiptoe lightly
And I will do it right

I will go, I will go, I will go, go, go out
Go out with the speed of light
My feet will tiptoe lightly
And I will do it right

Dancing, dancing without us touching
And you know, and you know, I will go, and you know

I will go, I will go, I will go, go, go out
Go out with the speed of light
My feet will tiptoe lightly
And I will do it right

I will go, I will go, I will go, go, go out
Go out with the speed of light
My feet will tiptoe lightly
And I will do it right
