

## Dope

Jeremih

Sometimes I need a rush  
Sometimes I need a hit  
I heard it's you that got it  
Right now I need a fix  
Devil juice on the right  
Candlelight for the dinner  
Me and you feel so perfect  
Satisfaction and bliss  
Undress you for a taste  
Scent of you for my nose  
Yeah you got my heart drumming  
But I love the rock and roll

(Baby)  
Oh oh oh  
So sweet  
So sweet  
Oh oh oh  
So sweet  
Oh oh oh  
Oh oh oh  
Yeah yeah  
Yeah yeah

Bad times you're never here  
Sometimes I need a dose  
These empty nights are lonely  
That's when I need you most  
Tell me you'll never leave  
This right here  
Yeah I wanna stay  
Where you revolve around me  
Everything's night and day  
Baby take me high  
Oh let's kill the monotony  
When we play there together  
That's perfect harmony

Oh oh oh  
So sweet  
So sweet  
Oh oh oh  
Yeah yeah
