

Ladies

Jeremih

Beautiful all the time
7 days on my mind
All I think about is
So here I go on this floor in this club
Heat this up now it ain't nothing but
Gotta keep his head round
My side away now
Cruise out in LA slow down
In the nighttime does alot,does alot
They say you know,okay you know
Well I guess I do, I guess I do,I guess I do

Okay wassup, I'm wassup first I was stuck
But now I'm in love 'cause where I blew up
It was nothing but all
That's right them red bones with that guy no hair
Big girls with them rhyno legs
And each one is a
I can't believe overseas
The LUV , for the lease
Japanese, no lebanese uh
Well it really don't matter what they be wearing
They look up in the mirror and they just keep starring
And know they sexy as
You can catch 'em in the club play ,rosay
VIP, belly cold, lots of hoes I mean
Yeah that's all I got to I got no eyeballs
Shoot you, I got you,warrup all
I stay seeking for ones that be needing more
Even more,she be yours
Sometimes I just need something close
It's probably when I got one over

Beautiful all the time
7 days on my mind
All I think about is
So here I go on this floor in this club
Heat this up now it ain't nothing but
Gotta keep his head round
My side away now
Cruise out in LA slow down
In the nighttime does alot,does alot
They say you know,okay you know
Well I guess I do, I guess I do,I guess I do

We've arrived we're alive kicking it with Jeremih
In the club with the whole heremy
Don't know what to do with the motha
I'ma get 'em fucked up 'cause they all suck
Mama need me so fly, I'ma tell her the truth
Swag through the roof
Red bottoms loose, show 'em what you do
'Cause you such a
When I'm sober but especially
If I got take a shot in maseratti
I bet you taste like skittles and your body
Looking better than the vinyls in the bottom of the car

Take a ride in my Aston Martin and not a blackjack
No need to hustle for she got the blue jeans for
'Cause in the Gucci stove I bought her a black bag
24 I was awfully thinking about
How I wanna spend some time
I guess I'm making my mind
I wanna go in the ground today
Take a cruise down Michigan
When listening to J E R E M I H
With my lady sorry if I had
And you know they really give her hair go
'Cause I know good beauty
I don't know if I should pick a fatty
Or the one that got a lil booty
To the dock on the light, on the brown to the dash fast
All of us smart and we pass class
Look around the only thing I see is badass

Beautiful all the time
7 days on my mind
All I think about is
So here I go on this floor in this club
Heat this up now it ain't nothing but
Gotta keep his head round
My side away now
Cruise out in LA slow down
In the nighttime does alot, does alot
They say you know, okay you know
Well I guess I do, I guess I do, I guess I do

Hit the city in the maserati
Does she got a beautiful body
A pretty rep on leg flow
And when you walk you dead gone
Now put this number on your iphone
Here state in the ride on
Sending that beautiful lady to drive on
Slide on while flipping to the side seat
She a size 3 bigger than a motherfucker
Guess she wanna ride free, not likely
She probably on crime scene light
With a little bit feisty
Tear drop on her right cheek for the night creek
Hit bitter lip top drop
When the cops spot, top knot
Little for ice spot,
I got the lonely baby chacha
I think I love her too much
Because I already the new flock
Then I put her to the club undone
All in line for my
So many beautiful ladies in the shot
Can you imagine them in one club
I'm in the middle with the flow
From the back to the front though
I'm surrendered by all these, all these
Sometimes I need something closer
Drop her ass like a roaster
Two leave now one come over

Man I swear I love them ladies
Beautiful all the time
7 days on my mind

All I think about is
So here I go on this floor in this club
Heat this up now it ain't nothing but
Gotta keep his head round
My side away now
Cruise out in LA slow down
In the nighttime does alot,does alot
They say you know,okay you know
Well I guess I do, I guess I do,I guess I do
