Remember Me

Fortunate to know you babe While I've been busy running these streets You make sure your home is straight While I been politicking with the freaks And I know everything has changed Everything with you and me Cause you know where my heart is girl In our bed when you sleep

How about 'bout 'bout 'bout 'bout we make it babe For rich or poor, you won't be broke But even if your nigga ain't rich

Remember me like this Just like this Remember me like this Just like this

I know my loyalty, you waiting on it But you've had it since the day you met it Now I'd lose my way girl if I left you lonely It's because of who we are, you here love

I hope, I hope, I hope I hope, we make it babe For rich or poor, we won't be broke But even if your nigga ain't rich

Just remember me like this Just like this Remember me like this Just like this

Have me lover Keep me baby Think of me forever this way Hold me closer, keep me safe Now I told you, love don't change Have me lover Keep me baby Think of me forever this way Hold me closer, keep me safe Keep me safe, oh

I hope, I hope, I hope I hope, we make it babe For rich or poor, we won't be broke But even if your nigga ain't rich

Remember me like this Remember me like this Jeremih
