

Sick

Jeremih

Huh

It's been too long (Yeah)
I'm so sick of missing you, oh
Girl, you need to call me, call me, nah
'Cause I'm so sick of missing you
I'm just being honest, honest, nah
Girl, I'm sick of missing you, ooh

You acting like you lost
Like I'm not a boss
Girl, knock that shit off
Girl, come and break me off
Done with the kissing games
Tired of playing charades
Been sending flowers for days
You be having your way

Let's either give it up
Or play the game
Sometimes love ain't enough
Least that's what they say
Why can't we live it up in MIA?
Palm trees, let's pick a song, then pop champagne

Yeah
I'm so sick of missing you, oh
Girl, you need to call me, call me, nah
'Cause I'm so sick of missing you
I'm just being honest, honest, nah
Girl, I'm sick of missing you, ooh

Girl, you should just call me
I still got the same shit you bought me
Nothing like these other niggas
On me when you get drunk
And when you gain weight
And when you fuck up, girl
I'm not just saying this
Can you fuck with me?
I know you tired of niggas
So let me be your one
Shit ain't the same how it was before
Wanna call and say hello
Do you feel how I feel or I'm just a joke?
Can we get together?
Okay, say no more
Shit ain't the same how it was before (Yeah)
Wanna call and say hello
Do you feel how I feel or I'm just a joke?
Can we get together?
Okay, say no more

I'm so sick of missing you, oh
Girl, you need to call me, call me, nah
'Cause I'm so sick of missing you
I'm just being honest, honest, nah

Girl, I'm sick of missing you, ooh
