

That

Jeremih

Got Givenchy all on my bag
I turn a brown bag into a sack
Most of y'all don't know what to do with that
Hit a lick and don't know what to do with that
Your bitch, she know what she doing
I heard she know what to do with that
Chase the money, chase the money
Yeah, wearin' Off-White in a coupe black
She know I know what to do with that
Say he don't know what to do with that
Don't know what love got to do with that

Verified bank, blew a check
Show me you know what to do with that
All black lingerie, she took that Off-White off my back
I barely could take off my Balmain's, I see two many racks
It's not too many left
[?] on my breath
Backwood [?] on my chest, I just [?] two to relax
I got the hook like a ride
When I hit from the side
Only cash our massage
No new workout or not
I thumb it, thumb it
Paper cuttin'
Chase the money
Doing numbers
Chase the money, chase the money

Got Givenchy all on my bag
I turn a brown bag into a sack
Most of y'all don't know what to do with that
Hit a lick and don't know what to do with that
Your bitch, she know what she doing
I heard she know what to do with that
Chase the money, chase the money
Yeah, wearin' Off-White in a coupe black
She know I know what to do with that
Say he don't know what to do with that
Don't know what love got to do with that
