

Wait On It

Jeremih

Might say what they wan' say
Just might kiss on your lips right by your hips like mwah, bae
Pop champagne, order them this new Spumante
Always talkin' 'bout I'm a bad boy, sound like aunty
They throw shade like when my roof missin'
Is you fuckin' with me or I'm fuckin' on you?
Tonight slow down
Don't love me for me
One time, 2020 vision, it's just you and me
And I plenty freak hoes and Titos
They dance while we go
Somewhere we know (We know)

Yeah, make me wait on it (Yeah, yeah)
Make me wait on it (Tease me)
Make me wait on it, mm
Make me wait on it
Make me wait on it (Wait, pretty please)
Make me wait on it
Make me wait on it
Make me wait on it, yeah

See ya, I see ya
Quit playin', you know where I be at
I'm sayin' me and you should link up (We should link)
You know that I been waitin' for a minute, uh (Yeah)
We ain't even had no conversation for a minute, uh (Yeah, yeah)
I ain't tryna play with your feelings, I (Yeah)
Gotta know if it's still his or mine
Baby, crave it, daily
Told me to keep waitin'
They don't care if I was lonely
Didn't care to come check on me
You can make me one less lonely (Lonely), yeah, but you

Make me wait on it (Make me wait on it, yeah, yeah)
Make me wait on it (Make me wait on it)
Make me wait on it (Make me wait on it)
Make me wait on it (Yeah, ah)
Make me wait on it (Make me wait on it, la-la)
Make me wait on it (On it, la-la)
Make me wait on it
Make me wait on it (Wait, Breezy, baby, oh, wait)

If that's your new nigga, I know he jealous of me (Jealous of me)
Ain't tryna talk back, talk back (Oh)
Got me saved as "Don't answer" on your caller ID (ID)
And we done lost all contact
Does he know what you can do up on that stripper pole? (Does he know?)
Did you show him everything that I taught you? (Oh yeah)
Is he blinded by the diamonds that I bought you? (Oh yeah)
Do you go out in all the shit that I got?
White sand, you drove the boat too (Drove the boat)
Now you got all these new friends tryna coach you (Nah, nah, nah, yeah)
I remember when I used to be your go-to
Now when I make a reservation, you say, "No"

Make me wait on it (Yeah, yeah)
Make me wait on it (Yeah, you make me wait, make me wait)
Make me wait on it (Girl)
Make me wait on it (Wait, oh)
Make me wait on it (Wait, pretty please)
Make me wait on it (Ooh)
Make me wait on it (Wait on it)
Make me wait on it (Wait)
Oh, wait

Make me wait on it
