

Love So Great

Jeremy Camp

You made a way when I was so lost
You came running when I could not
You gave Your life to show me true love
And took my chains and gave me freedom

How could I not proclaim
The power of Your name?
It's flowing through my veins
Your praise

I cannot contain
I cannot contain
What a love so great
What a price You paid

There's no height that separates us
And no depth that overtakes us
There's no fear within Your presence
What's left to say?

I cannot contain
I cannot contain
What a love so great
What a price You paid
What a love so great
What a price You paid
What a love so great

How can I keep, how can I hide
This fire inside?
You are my hope, You are my strength
You make me alive
How can I keep, how can I hide
This fire inside?
You are my hope, You are my strength
You make me alive
Make me alive

I cannot contain
I cannot contain
What a love so great
What a price You paid
What a love so great
What a price You paid
What a love so great
