

# Storm

Jeremy Camp

We have known, the greatness of Your power  
And we have seen, too much to turn back now  
We have sung, countless songs about You  
But now, we want more than just a song

Come like a storm  
Come like a crashing wave  
Oceans will roar  
As we lift high Your name  
Come like a storm  
Come like a storm  
Come like a storm  
As we lift high Your name

Rushing wind, usher in Your presence  
Heaven's rain, push away all fear  
Mercy flow, breaking over my heart again  
How we need more of You

Come like a storm  
Come like a crashing wave  
Oceans will roar  
As we lift high Your name  
Come like a storm  
Come like a storm  
Come like a storm  
As we lift high Your name

Wave after wave  
Grace after grace  
Come have Your way  
Come have Your way  
Wave after wave  
Grace after grace  
Come have Your way  
Come have Your way  
Wave after wave  
Grace after grace  
Come have Your way  
Come have Your way  
Come like a storm  
Come like a storm, Jesus

Come like a storm  
Come like a crashing wave  
Oceans will roar  
As we lift high Your name  
Come like a storm  
Come like a storm  
Come like a storm  
As we lift high Your name
