

# Tell The Whole World

Jeremy Camp

I'm living proof that there's a Savior  
He found me lying in my grave  
One word, just one word  
I heard redemption call my name

Now that I've tasted living water  
There is no turning back for me  
You are, yes, You are  
The only reason that I'm breathing

I wanna tell the whole world about Jesus  
He saved my soul, did a miracle in me  
He said "Dead man come alive"  
He opened up my eyes  
I wanna tell the whole world that I'm free  
I wanna tell the whole world that I'm free

I wanna see Your people set on fire  
I wanna see the nations on their knees  
The only hope, the only hope  
Is found in the mercy of the King

I wanna tell the whole world about Jesus  
He saved my soul, did a miracle in me  
He said "Dead man come alive"  
He opened up my eyes  
I wanna tell the whole world that I'm...

Walking on the water  
Where I used to be afraid  
Trusting in Your promise, even in the pain  
Give me a mountain and I will testify  
About a love that lasts forever  
That forever changed my life

I wanna tell the whole world about Jesus  
He saved my soul, did a miracle in me  
He said "Dead man come alive"  
He opened up my eyes  
I'm gonna tell the whole world about Jesus  
He saved my soul, did a miracle in me  
He said "Dead man come alive"  
He opened up my eyes  
I wanna tell the whole world that I'm free  
I wanna tell the whole world that I'm free  
I wanna tell the whole world that I'm free
