

# The Story's Not Over

Jeremy Camp

It's been a long road, long road  
And I've been through so much through the years  
I've had a heartbreak, heartbreak  
I kept reaching for You through the tears

Thinking, I don't know what's up ahead  
I don't know how it will end  
But I know that You've got a plan for me  
Stepping out onto the waves  
Got to start walking by faith  
Whatever comes I will still believe

The story's not over yet  
You've got it under control  
Why would I fear when I know  
You've designed?  
The story's not over yet  
You've written every word  
Can't wait to see where You go  
With my life  
The story's not over yet

I found Your goodness through the pain  
Found Your mercy down upon my knees  
I've learned when life goes sideways  
You still guide me where I need to be

Don't need to know what's ahead  
Don't need to know how it ends  
I know that You've got Your hand on me

The story's not over yet  
You've got it under control  
Why would I fear when I know  
You've designed?  
The story's not over yet  
You've written every word  
Can't wait to see where You go  
With my life  
The story's not over yet  
The story's not over yet  
The story's not over yet  
The story's not over yet

I believe what You started You will complete  
I believe every broken will be redeemed  
I believe 'cause You've always been faithful to me  
To me, to me  
I believe what You started You will complete  
I believe every broken will be redeemed  
I believe 'cause You've always been faithful to me  
To me, to me

The story's not over yet  
You've got it under control  
Why would I fear when I know  
You've designed?

The story's not over yet (It's not over)  
You've written every word  
Can't wait to see where You go  
With my life  
The story's not over yet  
The story's not over yet (I believe You've got a plan for me)  
The story's not over yet (It's not over)  
The story's not over yet  
The story's not over yet
