

Same Side Imaginary

Jeremy Enigk

Crimson angel
I live and plant there still redeemed
They've got it all but they ain't got emotion
Same side imaginary

Lost in a world they build
Release
They got it all but they ain't got emotion
It's the same side imaginary

Grow, I know, I know the time is coming 'round
Same silent love story
I live and plant there, I live, adorn my world
But I gotta buy it before I try it
It's the same silent love story

Grow, I know, I know the tide is coming 'round
Keys unlock to hear the sound, the sound
It's same side imaginary, same side imaginary
Same side imaginary, same side imaginary
