

My Shoes

Jeremy Loops

Ahhh, ha, check me out!

Smooth character, chilled attitude,
Walk up to you and bat eyes at you,
Baby, you're so cool,
How you gonna walk a day in my shoes?

And I said, I don't really know, but what I do know's
There's no way I'ma let you go home
Before I try to change your mind, so
Here goes nothin',
My name is Trap,
I'm gonna show you some lovin'.

Get you in the sack,
No, I'm just fronting,
But I must know, must know,
What if I meant something by it?
Would you entertain my advances, or just deny them?

Cos you're so cool,
Now how you gonna be in my shoes, you're just so cool [x3]

I'm going in, I'm going in, I'm going in, boom!

Feed off the class perceptions, I wait,
Living out a dream reception,
I haste too much,
But I've waited too much,
I had the taste too much to ignore it,
We're here, in this space.

So pay attention to us like assembly,
Where's the headmistress at in her short skirt?
See, put 'em in a line like assembly,
With a sassy walk to match, see,
Roger Federer, Agassi,
The game is upset, match me,
So I better ask you before your get you ass kicked,
And she says to me,
You're kinda cool, too,
I said, I rap baby,
I sorta have to beee... yo!

And will you be here while we do this?
We'll make you music to make you move,
Would you sing out those tunes?

You're so cool,
Now how you gonna be in my shoes, you're just so cool [x3]

Alright, hit me,
I said hit me,
Alright, stop teasing,
Yo, I'm the smooth director with the chilled attitude,
Walk right up to you and bat eyes at you,
Baby, you're so cool,

How you gonna walk a day in my shoes?

And I said, I don't really know, but what I do know's
There's no way I'ma let you go home
Till I try to change your mind, so
Here goes nothin',
My name is Jez,
I'm gonna show you some lovin'.

Now I'ma get you in the sack,
No, I'm just fronting,
But I must know, must know,
What if I meant something by it?
Would you entertain my advances, or just deny them?

You're so cool,
Now how you gonna be in my shoes, you're just so cool [x3]
