

# Skinny Blues

Jeremy Loops

Well I've been lonesome and I've been blue  
Well I've been wondering without you  
Like some unknown from deep inside  
You followed me, you said you'd try  
But I've been away from you and I'm over you

Yesterday and days before  
The sun's been knocking at my door  
But I would always have you near  
You said you'd change, you shed a tear  
But I've been away from you. I'm over you.

Well I wanna lay  
I wanna lay ooooooooo  
I wanna lie down with my skinny blues.

Well time away, it seems, has hardly got the best of me  
We rode through miles of deep blue seas and island sands  
We made a home  
And I waited for you

We run around up and down  
Night and day, in no sound  
Games we play. Underground acoustic romance  
Is it over my love? Is it over this time around?

Well I wanna lay  
I wanna layooooo  
I wanna lie down with my skinny blues
