

## Easy Lovers, Hardly Friends

Jeremy Messersmith

Such a tired face Seattle eyes Oh so blue and green But never d  
ry

It started with a tiny whisper In my ear Ended like a roller co  
aster At the county fair

We were easy lovers, hardly friends Never works out in the end

You always fooled me with December kisses Oh so red and white C  
old and twisted

Now that we've both grown up I hope you're happy For my part I  
like to say I'm so so so sorry

We were easy lovers, hardly friends Never works out in the end
