

## Constant

Jeremy Passion

I don't know why people go and it's a shame  
And it's usually the people that say they'd never change  
That's when you told me that the storms will come  
We just gotta learn to dance in the rain

Then you said  
Don't worry, 'cause babe  
You got me, and I  
I'm stayin' right here  
And though the seasons change  
My love will stay the same  
For you, yes, it's true

You're the only constant thing in my world  
When there's no one left around, it's just me and my girl  
I know that change is just a part of this life  
But our love will stand the test of time

'Cause, baby, you're my constant, constant  
Darlin', you're my constant, constant

It's an unpredictable life on my own, yeah  
I could be surrounded by many but still feel alone  
That's when you told me that you'd always be there for me  
And I'm always coming back to the one I call home

Yeah, yeah, you're the only constant thing in my world (in my world)  
When there's no one left around, it's just me and my girl (it's just you and me, baby, baby)  
I know that change is just a part of this life  
But our love will stand the test of time

'Cause, baby, you're my constant, constant  
Darlin', you're my constant, constant  
Baby, you're my constant, constant  
Darlin', you're my constant, constant
