

Suddenly

Jeremy Passion

I watch the sunset in her eyes
never was too good with goodbyes
but you're honestly a better view.
you spoke the words
sounded like a foreign language
while my heart brought so much baggage
thought she'd only limit two

ooo000ooo we share the same scars. oh and
oooWeeOooWeeOoo we have the same heart

Oh, you came into my life suddenly
help me steer this boat away from fear
and now I see, we're exactly where we should... be.

You've got a way of motivating me again to take chances
somewhere between sublime and out of my mind my heart dances
it not hard for you to see I put up guards cause you, you playe
d the hand too
and though we live like night and day,
I can't help but feel you're me and I am so you

ooo000ooo we share the same scars, oh and
oooWeeOooWeeOoo we have the same heart

Oh, you came into my life suddenly
help me steer this boat away from fear
and now I see, [2x]
we're exactly where we should...

Now I see, we're exactly where we should be, we're exactly wher
e we should be, were exactly where we should....
