

Love on Fire

Jeremy Riddle

I'm letting out this fire tonight
That's burning in my spirit
I'm gonna dance with all my might
I don't care who sees it
I'm gonna let it wild
Be just like a child
And say, "I love You, Lord"

I might make a scene tonight
I might come unraveled
I gotta get undignified
Breaking off these shackles
I gotta let it wild
Be just like a child
And say, "I love You, Lord"
"I love You, Lord"

I've got a love on fire
I've got a love on fire
The kind of love that won't burn out
I've got a love on fire
I've got a love on fire
The kind of love that won't back down

Praises like a raging flood
Pouring from my spirit
The deep is calling out to deep
All my heart can feel it
I've gotta let it wild
Be just like a child
And say, "I love You, Lord"
I gotta say, "I love You, Lord"

I've got a love on fire
I've got a love on fire
The kind of love that won't burn out
I've got a love on fire
I've got a love on fire
The kind of love that won't back down

I put off all my heaviness and
I put on this garment of praise
You turned my mourning into dancing
And You turned my night into day
I put off all my heaviness and
I put on this garment of praise
You turned my mourning into dancing
And You turned my night into day
I put off all my heaviness and
I put on this garment of praise
'Cause You turned my mourning into dancing
And You turned my night into day
I put off all my heaviness and
I put on this garment of praise
'Cause You turned my mourning into dancing
And You turned my night into day
My night into day

My night into day

I've got a love on fire
I've got a love on fire
The kind of love that won't burn out
I've got a love on fire
I've got a love on fire
The kind of love that won't back down
I've got a love on fire
I've got a love on fire
The kind of love that won't back down

I'm not burning up
I'm not backing down
I'm not burning up
I'm not burning up
I'm not backing down
I'm not burning up
