

# Melody

Jeremy Zucker

Burning all tattered inside my soul  
I got a feeling that this is gold, I do, I do, I do  
Won't take a second to let you leave  
I'd rather be tangled up in my sheets with you, with you, with you

Now I've got a melody inside my head it rings your name (your name)  
And you've got the remedy that makes me wanna walk your way (your way)  
Now I've got a melody and, you've got the remedy  
And they keep on telling me that you'll be the death of me  
But I've got a melody and, you've got the remedy  
So fuck what they're telling me, cuz  
I've got a melody

Your voice floating inside my head  
Broken records under my bed you saw, you saw, you saw  
Loving laying out on the sand  
Honestly we ain't got a plan at all, at all girl

Now I've got a melody inside my head it rings your name  
And you've got the remedy that makes me wanna walk your way, your way  
Now I've got a melody and, you've got the remedy  
And they keep on telling me that you'll be the death of me  
But I've got a melody and, you've got the remedy  
So fuck what they're telling me, cuz  
I've got a melody
