# Drown

**Jeris Johnson**

Woke up to red morning
I don't care, I'm headed for a storm tonight
I wanna see the light
I heard all the warnings
I don't care, I'm headed for a storm tonight
With you it's do or die

I thought I was better on my own
Then you turned my eyes into a waterfall
But I like it like that, like it like that
Like it like that

I'm ready to drown, thrashing in the waves
Oh, I know your love is gonna kill me someday
I can see there's no way out
I want you to pull me down
I'm ready to drown, take me to the deep
Lock me up and throw away the skeleton key
I can see there's no way out
I want you to pull me down

I guess what I mean is, it's worth all the hurting
The uncertainty I've been feeling, it's crushing me like a ceiling
Crumbling all around me and I won't slow down
I won't ask for anyone to save me now

So fuck all the warnings
I don't care, I'm headed for a storm tonight
With you it's do or die

I'm ready to drown, thrashing in the waves
Oh, I know your love is gonna kill me someday
I can see there's no way out
I want you to pull me down
I'm ready to drown, take me to the deep
Lock me up and throw away the skeleton key
I can see there's no way out
I want you to pull me down

I thought I was better on my own
Then you turned my eyes into a waterfall
But I like it like that, like it like that
Like it like that
I thought I was better on my own
Then you turned my eyes into a waterfall
But I like it like that, like it like that
Like it like that
