

FRIDAY

Jeris Johnson

Yo, turn it up
What?
I said, turn it up!

It was just a Friday, she said she wanna take it back to my place
Mmh, and I think that she like me
Exciting, name ain't even Kiki, but she riding
Mmh, she might get upgraded from side ting
Friday, she said she want take it back to my place
Mmh, and I think that she like me
Exciting, name ain't even Kiki, but she riding
Mmh, she might get upgraded from si-si-si-si-

Friday, ay, riding on me like a highway, ay
We ain't even make it out the driveway
She just hit me up 'cause she saw my band on MySpace
Now I'm number one in her top eight
I got a brand new pack (yeah), rock is the brand new rap (eugh)
She wanna break her back (uh), bang till I break my neck
Oh my God, how are you so genius?
She said, "Please, can I lick your penis?"

It was just a Friday, she said she wanna take it back to my place
Mmh, and I think that she like me
Exciting, name ain't even Kiki, but she riding
Mmh, she might get upgraded from side ting
Friday, she said she want take it back to my place
Mmh, and I think that she like me
Exciting, name ain't even Kiki, but she riding
Mmm (yeah), she might get upgraded from si-si-si-si- (yeah)

Told her my way, or hit the highway
You were by my side, but never really my bae
Caught me in my prime completely out your mind, bae
Swallowing my pride, I won't waste your time
You'll be falling in and out of love (love, love, love, love)
I put a smile on your face like makeup, tripping off the drugs (drugs
, drugs, drugs)

It was just a Friday, she said she wanna take it back to my place
Mmh, and I think that she like me
Exciting, name ain't even Kiki, but she riding
Mmh, she might get upgraded from side ting
