

## LEVITATE (The Summer Song)

Jeris Johnson

Tell me if you wanna, aye  
Smoke a marijuana, aye  
Listen to Nirvana, hey  
Walk into the sky then we levitate

I've been living deep, in a stasis  
I've been feeling good, feeling weightless  
We could spend the day doin' nothing  
Or maybe you and I could think of something

Whoa-oh-oh, on the way  
I got everything you need on the way (on the way)  
Whoa-oh-oh, whatcha say  
Grow a pair of wings and we can fly away

Tell me if you wanna, aye  
Smoke a marijuana, aye  
Listen to Nirvana, hey  
Walk into the sky then we levitate

Lookin' around, summon the smoke  
Made a ton when I'm rockin' the boat  
If I think it, then I'm makin' a note  
If you callin' I'mma pick up the phone  
Sippin' on the stars, I can taste it I-  
I freeze time like a polaroid

Whoa-oh-oh, on the way  
I got everything you need on the way (on the way)  
Whoa-oh-oh, whatcha say  
Grow a pair of wings and we can fly away

Tell me if you wanna, aye  
Smoke a marijuana, aye  
Listen to Nirvana, hey  
Walk into the sky then we levitate  
Tell me if you wanna, aye  
Smoke a marijuana, aye  
Listen to Nirvana, hey  
Walk into the sky then we levitate
