

pain 2 hide

Jeris Johnson

Look at me, I never cry
Raise my axe into the sky
I can fuck this bitch all night because
I got this pain to hide
Use me up, I'm getting high
Dragonborn until I die
I can slay this shit all night because
I got this, this pain to hide

Shorty can suck my dick at the function
Breaking out this bitch 'cause I'm coming
I don't want no shit, that's assumption
Call it squeaky, eaky, freaky, in-destruction
I put on this armor
To protect all my brothers
And fathers, and mothers
The homeland and each other
(Ah-ah, nevermind, fuck)

Look at me, I never cry
Raise my axe into the sky
I can fuck this bitch all night because
I got this pain to hide
Use me up, I'm getting high
Dragonborn until I die
I can slay this shit all night because
I got this, this pain to hide
