

When The Darkness Comes

Jeris Johnson

Shadows in the street parading
There's no escaping
Hanging heads and blood for painting a starry night
Can't you see the world is changing
Disintegrating
Everything you know is gone
Do you think you'll know who you are

When the darkness comes
And there's nowhere you can run
If the midnight strikes
And you lose your only sun
When the darkness comes
(La la la la la la la)
Will you come undone
Think you know someone
Til' the darkness comes

Gaze upon the ember eye
You're mesmerized
Ashes falling from the sky
Eternal gray
The flame of chaos never dies
It justifies
Open wounds can never scar
Do you think you'll know who you are

When the darkness comes
And there's nowhere you can run
If the midnight strikes
And you lose your only sun
When the darkness comes
(La la la la la la la)
Will you come undone
Think you know someone
Til' the darkness comes

(La la la la la...)

When the darkness comes
And there's nowhere you can run
If the midnight strikes
And you lose your only sun
When the darkness comes
(La la la la la la la)
Will you come undone
Think you know someone
Think you know someone
You think you know someone
Til' the darkness comes
