

# Do What You Do

Jermaine Jackson

Why don't you do what you do  
When you did what you did to me  
Do what you do when you did  
What you did to me

I was crazy for you, you were crazy for me  
How could something so right, go so wrong  
My love , sweet love

Why don't you say what you say  
When you say what you said anymore  
Your eyes couldn't lie, so long goodbye, close the door  
I was crazy for you, you were crazy for me  
How could something so right go so wrong  
My love sweet love

Why don't you do what you do  
When you did what you did to me  
Do what you do when you did  
What you did to me  
Do what you do when you did  
What you did to me
