

Make It Easy on Love

Jermaine Jackson

Ooh, mmm

I need some good advice
I'm in love but, I'm paying the price
I don't know why she does those thing that make me crazy
I'm so confused
Why is love so complicated

Listen my good friend
If you let it breath
If you give her some room
It can work out in the end
You've gotta let love run free
Nobody know that better then me

Make it easy on love
Stop trying so hard
Just give it a chance
Dont analyze it
Take it easy on each other
Discover what you are dreaming of
This is gonna be the one
Mmm, mmm

You make it look so clear
But she is so young and inexperienced I fear
You understand me
Who I wish that she was more like you, Ooh
So tell me what am I gonna do

Now since you're asking me
You should love her for who she is
Not for what you want her to be
Take of your dark glasses
If you're ever gonna see her shining

Make it easy on love
Stop trying so hard
Just give it a chance
Dont analyze it
Take it easy on each other
Discover what you are dreaming of
This is gonna be the one

You are not the only one to hesitate, Ooh
So long as you learn
It's in the hands of fate

Make it easy on love (Make)
Stop trying so hard (Hard)
Just give it a chance
Dont analyze it (No, no, no, no, no)
Take it easy on each other (Take)
Discover what you are dreaming of (What you are deaming of)
Take it easy on love (Take)
Stop trying so hard (Hard)
Just give it a chance

Dont analyze it (No, no, no, no, no)
Take it easy on each other (Take)
Discover what you are dreaming of (What you are deaming of)
Make it easy on love (Make)
Stop trying so hard (Hard)
Ooh (Ooh)
Just give it a chance
Dont analyze it
Take it easy on each other (Take)
