

# Messing Around

Jermaine Jackson

I don't know  
Baby, you ain't true to me  
I never thought you'd be this kind of girl to me  
Soon as I turned my back  
You couldn't wait to sneak on me

You been messing around  
(Around, lowdown)  
You been messing around on me  
(Around, lowdown)  
Now slow down, girl  
You been messing around  
(Around, lowdown)  
You been messing around on me  
(Around, lowdown)

You say I'm blaming you  
For something you didn't do  
I had you followed all day  
My undercover got his name  
Why you wanna do that, girl  
How can you say you're true  
When you do what you do  
How can you say that you're true  
When you do what you do  
Girl, you know I love you, I need you  
Girl, you know I want you, but I know

You been messing around  
(Around, lowdown)  
You been messing around  
(Around, lowdown)  
I don't care what you say  
You been messing around  
(Around, lowdown)  
No, no, no, no, no  
You been messing around on me  
(Around, lowdown)

Messin' around on me  
Messin' around on me  
Messin' around on me  
Messin' around on me

Around, lowdown  
Around, lowdown

Girl, you must have been a sneak on Monday  
Girl, you must have been a sneak on Tuesday  
Girl, you must have been a sneak on Wednesday  
Girl, you must have been a sneak on Thursday  
Girl, you must have been a sneak on Friday  
Girl, you must have been a sneak on Saturday  
Girl, you must have been a sneak on Sunday

Every day of the week  
You been a sneak on me, no

God help me now  
You been messin' around on me

I don't care what you say  
You been messin' around  
No, no, no, no, no  
You been messin' around on me
